

SteriTech Disinfecting Wipes

For disinfecting non-critical, high-tough surfaces

SANS 636
Permit number
7333/10881

Available sizes:
100s Tub; 100s Refill;
Single Wipe Sachets

Reg. No ACT56NR529/242613/040/0256

Quick:

Easy to dispense from handy container, making response times faster.

Safe:

Alcohol-free, Non-Toxic, Non-Corrosive, Non-Caustic, Non-Staining, Non-Irritant and Non-Carcinogenic. Contain no Phenol, Chlorine or Aldehydes.

Residual Action:

Continues to disinfect even after the surface has been wiped, giving long-lasting protection, and ultimate peace of mind.

Refills available:

Economical as the container is re-usable.

SteriTech

DISINFECTING WIPES

Residual Action • Convenient • Non-irritant

Antimicrobial Efficacy:

SteriTech Concentrate has been tested effective against the following organisms by the SABS, hospitals, government approved & internationally accredited laboratories in South Africa, UK and the USA:

Bactericidal: *Pseudomonas aeruginosa*, *Staphylococcus aureus*, MRSA, *Escherichia coli* & Coliforms, *Chlamydia trachomatis*, *Salmonella typhi* & *choleraesius*, *Enterobacter cloacae*, *Actinomyces naeslundii*, *Ureaplasma urealyticum*, *Streptococcus faecalis* & *mutans*, *Lactobacillus leichmanni* & *paracasei*, *Enterococcus hirae*, *Mycobacterium bovis* & *Tuberculosis*, *Klebsiella pneumonia* and *Listeria monocytogenes*. **Virucidal:** Cytomegalovirus, HIV, Polio, Herpes, Influenza, Rotavirus, Foot & Mouth Disease, Avian Influenza, SARS, Coronavirus, Norovirus, Parvo and Calicivirus. **Fungicidal** (including fungal spores): *Trichophyton mentagrophytes*, *Candida albicans* and *Aspergillus flavus* & *brasiliensis*.

Microbicidal: *Dermatophagoides pteronyssinus*

Active Ingredient:

SteriTech Disinfecting Wipes contain SteriTech Concentrate (a Quaternary Ammonium Compound/TriButyl Tin Oxide Blend) at a level of 2.54%.

Instructions for Use:

When needed, simply pull out a wipe, tear off on the perforation and use. Ensure that the flap is tightly shut after use to prevent drying out of the wipes. Always use on a pre-cleaned & rinsed surface. Repeat as often as required by your Infection Control Protocol (suggested Protocols available on request).

PPE Requirements:

None Strictly Necessary
But OHS&A requires the use of eye protection & good ventilation when mixing, handling or discarding chemical disinfectants, and HICPAC Guidelines recommend the use of disposable plastic aprons & latex gloves when mixing, handling or disposing chemical agents.

First Aid:

In case of eye contact:
Flush eyes thoroughly with water. Redness might occur, but should disappear within 30 minutes. Should it persist, consult your physician.

Recommended Uses:

- Disinfecting pre-cleaned, high-touch surfaces
- Keep them in your home, car, handbag, on your office desk, in the bathroom, the kitchen, while camping, playing sports and at picnics. For instance: can tops, toilet seats, door handles, desks, work surfaces, telephones, restaurant dining tables and cutlery.

Product Description:

Physical form: White, non-woven Wipe
pH: 5-6.5

Odour: Mild chemical odour

Incompatibility: anionic detergents & natural soaps

Wipe is not biodegradable

Date Of Issue:
27/05/13
